

Tri Marine Policy Regarding Purchases from PVR Vessels – Longline

In accordance with the provisions of ISSF Conservation Measure 7.5 (ProActive Vessel Register Requirements) which entered into force on December 31, 2019, Tri Marine makes public the percentage of purchases made from albacore, yellowfin and bigeye tuna longline vessels listed on the PVR.

In 2022 Tri Marine purchases from PVR registered longline vessels was **61%**.

Tri Marine is committed to increasing purchases from longline vessels registered on the PVR to the greatest extent possible.
